**ROTARY CLEANER SYSTEM DOES THE WORK OF FIVE CLEANERS AND NEVER GETS TIRED.**

## **BRUSHLESS, ROTARY CLEANING RESTORES CARPET COLOR AND RESILIENCY IN A ONE-STEP PROCESS**

The amazing RX-20 Rotary Jet Extractor has revolutionized the way carpets are cleaned. With three spray jets, matched with five vacuum slots, the RX-20 makes over 650 cleaning passes per minute. This incredible scrubbing action releases soils while fluffing up and restoring carpet life.

### **WHAT IS SO DIFFERENT ABOUT BRUSHLESS, ROTARY CLEANING?**

Unlike the back-and-forth motion of a scrub wand, Brushless Rotary Cleaning has circular action that cleans all sides of the fiber.

### **WHY DOES ROTARY ACTION CLEAN SO MUCH BETTER?**

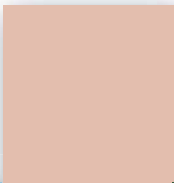

Rotary action actually flushes and then simultaneously removes all bacterial laden soil through over 450 hot water injections and extractions per minute.

### **HOW WILL MY CARPET APPEARANCE BE IMPROVED?**

Your carpet will regain its natural resiliency and will have a freshly washed appearance. Traffic lanes you once thought impossible to clean will be restored, giving you the freedom to rearrange your furniture.
